Turnberry

Who we are

There is a growing gap between what the medical aid benefits cover for in-hospital procedures versus the actual cost of the procedures, and associated costs such as specialists' fees, anaesthetist costs etc. This ever growing gap is responsible for moving gap cover from an optional extra to a vital insurance product

Turnberry offers a range of gap-cover products best suited to your needs, providing unsurpassed service, while at the same time helping you to avoid the potential financial burden of exorbitant medical costs. Turnberry products are available to all clients on all medical aid schemes.

Our value proposition

Turnberry offers unsurpassed service excellence and a quick claims turnaround for their clients while at the same time offering a diverse range of products to suit your needs.

Turnberry's products are compatible with all registered open medical schemes and most closed schemes in SA

Our products

Premier

Is Turnberry's flagship product, a comprehensive product with multiple benefits providing cover for both traditional and biological cancer drugs. Premier provides some of the highest cancer benefits in the industry and significantly enhances your medical cover.

Enhance

An exciting benefit offering to enhance your medical scheme cover, which covers the majority of the shortfall you could incur whilst in-hospital.

Optimal

An ideal benefit option offering additional peace of mind for Cancer cover, especially where your medical aid has limited cover.

Synergy

This is the ideal benefit offering to choose if your medical aid has additional co-payments and out-of-pocket deductibles.

Vital

This benefit option assists with covering the shortfall between what your medical aid covers versus the private in-hospital rates, especially for the costs of Specialists and Anaesthetists.

Senior

This is the ideal benefit offering to choose if you are over the age of 65 years and your medical aid has additional co-payments and sub-limits.
